Membership Fees 2018 - …

Fellows currently pay as ordinary members, 80€ with 10€ per year discount for multi-year payments

Problem to be solved
- EG wants its Fellows to stay members
- Retired Fellows tend to "disappear" over the years
- Some Fellows stop doing CG after many years
- Until now Fellows have to pay normal fees

Solution
- Offer Fellows an attractive option for lifetime membership
Membership Fees 2018 - …

Proposal from Executive Committee (effect 1 January 2018):
• a Fellow who has paid membership fees for at least 20 years (before and after becoming a Fellow) or until self-certified retirement can opt to become a lifetime member after no additional payment.
• a Fellow with n years of paid membership may similarly become a lifetime member at any time by paying 20-n annual fees
• if a Fellow resigns, his/her name remains on Fellows page, but benefits cease
• No change of other rates and discounts

… Membership Fees

• Discounts (not cumulative unless stated)
  – 10€ for multi-year subscriptions (2 or more years), applies before other discounts
  – Affiliated societies 13 €
  – SIGGRAPH members 8€
  – Student member 35 €
  – Retired member 25 €
  – Employee of Organisational Member 35€
• Lifetime membership – Ordinary Members
  – No change (700 € for 60+, 1050 € for 55+)
  – After becoming a lifetime member, no further annual membership fees are due.

Observations

• Only audited accounts for 2016 which need to be approved are presented; internal accounts are consistent with budget as approved in 2015.
• As the legal and fiscal seat of the Association is in Switzerland, the Audited Accounts were calculated in SFr. This presentation shows the equivalent in € as that is the official currency of Eurographics. All values converted at 1.0720 CHF/€
• The numbers reported reflect the situation at the end of the respective years and fluctuations are due to exchange rates shifting between years.

EG TREASURER
DAVID DUCE

PRESENTATION AND APPROVAL OF ACCOUNTS
… Observations

- New server hardware purchased in 2015 is shown as an asset, to be depreciated over 5 years.
- Essential software purchased in 2016 was approved by the Executive Committee in November 2015, but was not included in the 2016 budget.
- Taxation higher than anticipated due to previous years’ surpluses. Auditors’ costs (Treasurer line) included additional work this year on taxation status.
- Changes to Swiss accounting regulations resulted in simplification to event reporting, now show “Conference Surplus” over all events in a given year.

Auditor’s Report

• As statutory auditors, we have audited the accounting records and the financial statements (balance sheet, statement of income and expenses) of EUROGRAPHICS ASSOCIATION, Geneva for the year ended December 31st, 2016.
• These financial statements are the responsibility of the committee. Our responsibility is to express an opinion on these financial statements based on our audit. We confirm that we meet the legal requirements concerning professional qualification and independence.
• Our audit was performed according to the Swiss standards for audits. This standard requires the audit to be planned so that any significant anomalies in the financial statements may be detected. • During our audit, we did not find information allowing us to conclude that the financial statements and the proposed distribution of earnings do not comply with the law and the bylaws.
• We recommend that the financial statements submitted to you be approved.
• Geneva, April 10, 2017. (Signed) Antoine RICHARD, AUDIT & C° S.A.
