

User Study:

Part I:

1. Please use our program to create a posterized version of the included 'frog' image that **resembles** the included 'frog poster' **as closely as possible**. Spend at most 10 mins. If you finish in less than 10 minutes, please record how long you actually spent for the post-study questionnaire:

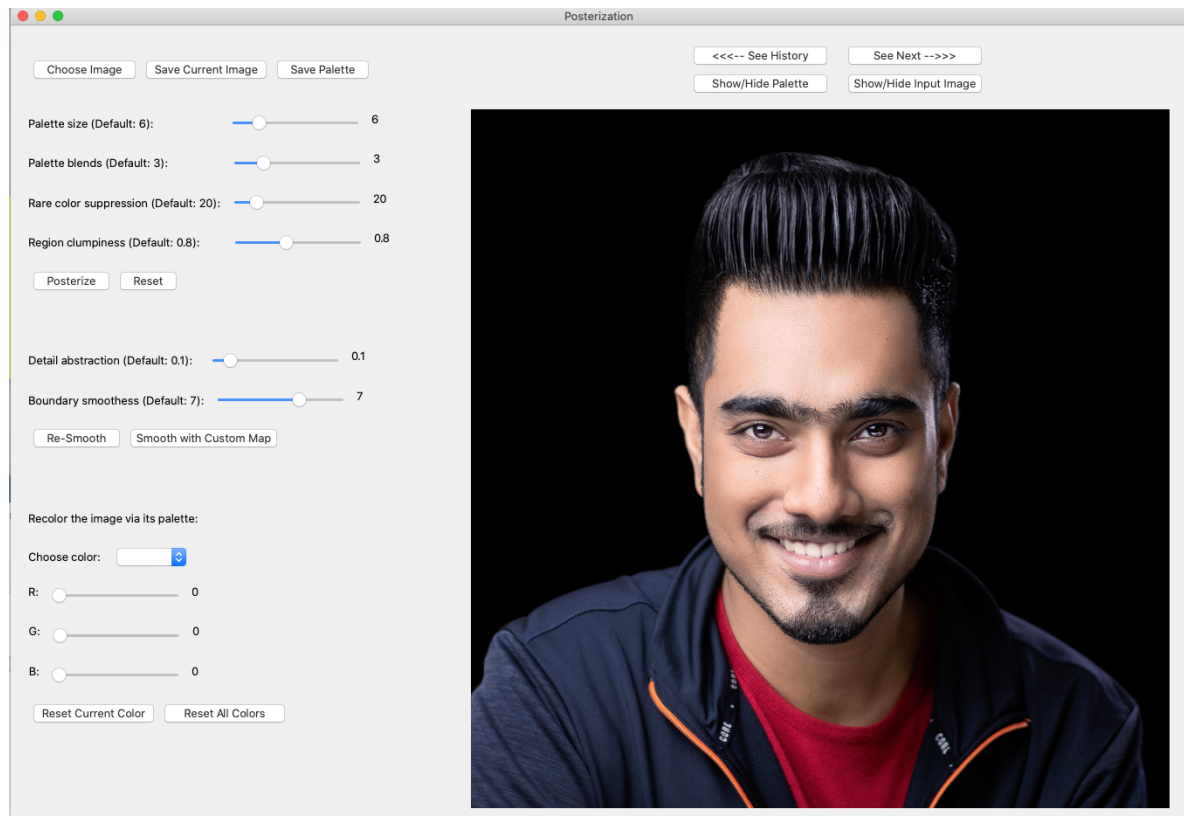

2. Using Adobe Photoshop or Illustrator, create a posterized version of the included 'frog' image that **resembles** the included 'frog poster' **as closely as possible**. Spend at most 10 mins. If you finish in less than 10 minutes, please record how long you actually spent.

3. After you complete Part II, please share the two posterized frogs you made with us and fill out a questionnaire telling us about your experience.

Part II:

1. Please use our program to create a posterized version of the included 'portrait' image that **resembles** the included 'portrait poster' **as closely as possible**. Spend at most 10 mins. If you finish in less than 10 minutes, please record how long you actually spent for the post-study questionnaire.

2. Using Adobe Photoshop or Illustrator, create a posterized version of the included 'portrait' image that **resembles** the included 'portrait poster' **as closely as possible**. Spend at most 10 mins. If you finish in less than 10 minutes, please record how long you actually spent.
3. Please share the two posterized portraits and frogs you made with us and fill out this questionnaire telling us about your experience:
