3. The General Meeting is open to all non-suspended members (including student members and honorary members) and to the members of the Executive Committee.
The General Meeting will decide on the admission of persons other than those referred to above.
4. The Executive Committee may decide that a member may participate in, address and vote at the General Meeting, either in person or through someone holding a written proxy, by using an electronic means of communication. The voting member bears the risk of using an electronic means of communication.
The Secretary and the Treasurer shall ensure that these votes are recorded and shall inform the chair of the General Meeting of the votes cast, according to the rules of procedure.
5. For the purposes of paragraph 4 of article 16, the electronic means of communication must allow the identity of the voting member to be established and must enable the voting member to follow the proceedings at the meeting in real time and to exercise the voting right. The Executive Committee may set conditions for the use of the electronic means of communication. If the

Executive Committee decides to set such conditions, these will be stated in the notice of meeting.

6. **The Executive Committee may decide that voting members may cast their votes by electronic means of communication prior to the General Meeting.**

Only those who are registered as voting members in the association's members' register at the time specified in the notice of the General Meeting are entitled to cast their vote in this manner. 1. All non-suspended corporate members have the right to vote at meetings. Each of those corporate members may cast one (1) vote. Each contact person of an organizational member has one (1) vote.

Corporate members may arrange for their vote to be cast by another corporate member holding a written proxy. A proxy granted by electronic means is equivalent to a written proxy.

2. Resolutions can only be passed if fifty (50) corporate members, or more than ten percent (10%) of the corporate members, are present or represented at the General Meeting.
3. If during the General Meeting is verified that the quorum set out in paragraph 2 of article 17 has not been reached, the General Meeting will hold a second General Meeting in the same calendar year. 7. All voting on matters concerning persons will be by ballot or by electronic means of communication as defined in article 16, unless the General Meeting decides to vote by acclamation.

If none of the candidates receives an absolute majority in case of a vote on election of persons, a second vote will be taken (between the nominated candidates).

If none of the candidate receives an absolute majority in such a second vote either, revotes will be taken in the General Meeting either until one (1) candidate secures an absolute majority of votes or until the vote is between two (2) candidates and the votes are equally divided.

The aforesaid revotes (not including the second vote) will be held between the candidates voted on in the preceding vote with the exception of the candidate who secured the smallest number of votes in the preceding vote.

If the smallest number of votes in the preceding vote was received by more than one (1) candidate, lots will be drawn to decide which of those candidates may not participate in the new vote.

If the votes are equally divided in a vote between two (2) candidates, lots will be drawn to decide which of them has been elected.

8. A unanimous resolution passed by all corporate members, even if they are not assembled at a meeting, has the same effect as a resolution of the General Meeting, on condition that it is passed with the prior knowledge of the Executive Committee.
9. The opinion expressed at the General Meeting by the chair that the meeting has passed a resolution is decisive. The same applies to the content of a resolution that has been passed insofar as the motion voted on was not recorded in writing.
10. However, if the correctness of this opinion is disputed immediately after it is expressed, a new vote will be taken if so required by the majority of the meeting or – if the original vote was not taken by roll call or by ballot – by one person who is present and entitled to vote. The legal consequences of the original vote will become null and void as a result of such a new vote.

The members will be notified of the content of the minutes.

Any attendance list signed at the meeting does not form part of the minutes.

Article 21.

1. The constitution of the association may be amended only by a resolution passed by the General Meeting convened by means of a notice stating that a motion to amend the constitution will be considered at that meeting.
2. A copy of the motion, containing the exact wording of the proposed amendment, must be available at an appropriate location for inspection by the members at least five (5) days before the day of the General Meeting until the end of the day on which the meeting is held.

The Secretary must send the copy of the motion containing the exact wording of the proposed amendment to the corporate members, to the addresses of the members recorded in the members' register, at least one (1) month before the day of the General Meeting.

The copy may also be sent by electronic means, in the form of a message that is capable of being read and reproduced, to the addresses notified by them to the association for that purpose.

3. A resolution to amend the constitution may be passed only by a majority of at least two thirds of the valid votes cast.

Paragraph 2 of article 17 applies to a General Meeting at which a motion to amend the constitution is considered.

4. If the quorum is not present or represented at a General Meeting at which a motion to amend the constitution is considered, a new second General Meeting will be convened, to be held no earlier than fourteen days and no later than thirty days after the first General Meeting. At this second General Meeting, a valid resolution to amend the constitution may be passed by a majority of at least two thirds of the valid votes cast, regardless of the number of corporate members present or represented. The term for convening the second General Meeting is at least seven (7) days. Paragraph 1 and the first sentence and the last sentence of paragraph 2 of article 21 applies to the convocation of the members for the second General Meeting.
5. The provisions of this article apply by analogy to a resolution to effect a merger, split-up or split-off.

Article 22.

The provisions of article 21 do not apply if all the voting members are present at the General Meeting and the resolution to amend the constitution is passed by unanimous vote.

Article 23.

The amendment to the constitution becomes effective only after it has been recorded in a notarial deed. Each member of the Executive Committee is individually entitled to arrange for such notarial deed to be executed.

DISSOLUTION

Article 24.

1. The association may be dissolved by a resolution passed by the General Meeting. The provisions of articles 21 and 22 apply by analogy.
2. After its dissolution the association will continue to exist insofar as this is necessary for the liquidation of its assets.

The words 'in liquidatie' (in liquidation) must be added to the association's name in documents and notices issued by the association. The liquidation will end when there are no longer any assets of which the liquidators are aware.

3. The members of the Executive Committee will be the liquidators of the association's assets. The provisions relating to election, suspension, removal from office and supervision of members of the Executive Committee remain applicable to them. The other provisions of this constitution also remain in force as far as possible during the liquidation.
4. The surplus on winding up will be applied for purposes determined by the General Meeting that correspond as closely as possible with the objects of the association.
5. After the liquidation, the books and documents of the dissolved association will remain in the custody of the person designated for that purpose by the General Meeting, for a period of seven (7) years.

Article 25.

The Executive Committee has all powers within the association that are not conferred upon other governing bodies by law or this constitution.
